## TO CREATE A DATABASE IN CLOUDANT DB

The screenshot displays the Cloudant Databases management interface. On the left is a dark sidebar with navigation icons. The main area is titled 'Databases' and includes a 'Create Database' button and a 'JSON' icon. Below this is a table titled 'Your Databases' with the following columns: Name, Size, # of Docs, Partitioned, and Actions. The table lists three databases: 'medicine' (3.3 KB, 52 docs, not partitioned), 'noderedhnepa20221003' (2.3 KB, 2 docs, not partitioned), and 'noderedkfsn20221003' (34.9 KB, 4 docs, not partitioned). Each database has three action icons: a plus sign, a lock, and a trash can. At the bottom of the interface, it shows 'Showing 1-3 of 3 databases' and 'Databases per page 20'. The Windows taskbar at the very bottom shows the date and time as 08:40 PM 12-11-2022.
